SUMMARY

Aspiring Full Stack Developer with a strong foundation in Java, JavaScript, and MERN stack technologies. Proficient in building and deploying web applications, with hands-on experience in REST API integration and database management. Eager to apply problem-solving skills gained from solving over 200 DSA problems to a challenging internship or full-time development role.

EDUCATION

Bachelor of Technology(B.Tech), Information Technology - GPA: 7.2/10

(Till 6th Semester)

IEC College of Engineering & Technology, Greater Noida

2022 – 2026 (Pursuing)

10th - 78%

12th - 75.4%

Relevant Coursework:

Data Structures & Algorithms, Web Development, Database Management, Operating Systems, Software Engineering

SKILLS

- **Languages:** Java, C, Python, JavaScript
- **Full Stack Development:** HTML, CSS, Node.js, Express.js, React.js, Java (Servlets, JSP), MVC
- **Databases:** MySQL, MongoDB
- **Developer Tools & Platforms:** Git, GitHub, VS Code, Eclipse, Postman, IntelliJ
- **Concepts:** REST APIs, OOPs, Responsive Design, JWT, API Security, DSA

PROJECTS

Wanderlust – Travel & Stay Explorer

Full Stack Web Application | HTML, CSS, JavaScript, Firebase

Aug 2025 – Oct 2025

- Built a dynamic travel and hotel exploration platform allowing users to browse rooms, tourist spots, prices, and reviews.
- Implemented key features such as **user authentication (login/signup)**, **search and filter options**, and a **review system** for user engagement.
- Utilized **Firebase** for backend services including authentication and data storage, ensuring a fully functional full-stack experience.

Form Builder

React.js, JavaScript, Material UI, TailwindCSS

Oct 2025 – Nov 2025

- Developed a dynamic Form Builder enabling users to create and customize forms through an interactive drag-and-drop interface.
- Utilized Material UI for icons and buttons to ensure a consistent and responsive design experience.
- Implemented real-time form preview and validation with reusable React components for efficient user interaction.

Real-Time Chat Website

React.js, Node.js, Express.js, Socket.io, MongoDB, TailwindCSS

Aug 2025 – Sep 2025

- Built a real-time chat platform with instant bi-directional messaging using Socket.io and Express.js.
- Designed a responsive and modern user interface with React.js and TailwindCSS, featuring dark/light theme support.
- Implemented user authentication, message persistence, and online/offline status tracking using MongoDB.

EXTRA-CURRICULAR ACTIVITIES

- Solved 200+ Data Structures & Algorithms problems on platforms like LeetCode, GeeksforGeeks, and HackerRank, strengthening problem-solving and coding skills.
- Selected to participate in the DSCI Hackathon 2024, focusing on cybersecurity-driven innovation.
- Participated in Flipkart GRiD 6.0, gaining hands-on experience in competitive problem-solving and real-world tech challenges.

CERTIFICATIONS

- Programming in C – Technoledge Eduresearch (Jan 2023)
- DSA with Java – Apna College (Jul 2024)
- Web Development – Udemy (Sep 2024)
- Development & Advanced Engineering Job Simulation – Accenture (Apr 2025)
